Index to Volume 177

Compiled by Linda English

PART I — SUBJECTS 3–15

PART II — CONTRIBUTORS 15–22

PART III — BOOK REVIEWS 22–23

Abbreviations: C, correspondence; suppl., supplement

PART I. SUBJECTS

Adolescence
Hospitalisation and anorexia nervosa. D. Wood and P. Flower (C) 179. S. G. Gowers (*Author's reply*) (C) 179–180
Life events, cortisol, DHEA and depression in high-risk adolescents. I. M. Goodyer *et al* 499–504
Relationship between psychotic disorders and criminally violent behaviour. Patrick Clare *et al* (*Preliminary report*) 275–279
Use of Hospital Anxiety and Depression Scale. D. Marchevsky (C) 89. C. Leach *et al* (*Authors' reply*) (C) 89
see also **Childhood and adolescence**

Affective disorders
Future therapeutic targets: the glucocorticoid receptor. Richard McQuade and Allan H. Young (*Review article*) 390–395
Lithium and mortality. K. S. Gracious and F. Falodun (C) 371. P. Vestergaard and R. W. Licht (*Authors' reply*) (C) 371–372
Outcome for schizoaffective disorders, schizophrenia, affective disorders and mood-incongruent psychotic symptoms. Martin Harrow *et al* 421–426
see also **Bipolar disorder, Depression** *and* **Schizoaffective disorder**

African–Caribbeans
Ethnic differences in admissions to secure forensic psychiatry services. Jeremy Coid *et al* 241–247

Agranulocytosis
Clozapine-induced. Thrombocytosis: working towards an early marker. K. Marlowe (C) 372–373
Paradoxical pattern of haematological risk with clozapine. K. Gillman (C) 88. R. Kerwin *et al* (*Authors' reply*) (C) 88

Alcohol misuse
Medication and alcohol in nursing homes. I. Johnson (C) 282
Non-psychotic psychiatric disorder and subsequent risk of schizophrenia. Glyn Lewis *et al* 416–420
Stigmatisation: classifying drug and alcohol misuse as mental illness. D. Heim (C) 566–567
Substance misuse among remand prisoners. Deborah Brooke *et al* 248–251

Alcohol use
Olanzapine and pancreatitis. R. Hagger *et al* (C) 567
Predictors of cognitive outcome in older people with hypertension. Jorge A. Cervilla *et al* 66–71

Alzheimer's disease
Apolipoprotein E, and Down's syndrome. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470
Impact of emotion on memory. Hiroaki Kazui *et al* 343–347

Amnesia
Unconsciousness, and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545

Amsterdam Study of the Elderly (AMSTEL)
Association of depression and gender with mortality in old age. R. A. Schoevers *et al* 336–342

Anaesthesia
Etomidate-induced convulsion prior to ECT. K. Nicoll and J. Callender (C) 373

Analyses
Apolipoprotein E, Alzheimer's disease and Down's syndrome. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470
Factor structure and familiality of first-rank symptoms in sibling pairs with schizophrenia and schizoaffective disorder. Josephine Loftus *et al* 15–19
Pharmacological activity and relative efficacy of antidepressants. Meta-regression analysis. N. Freemantle *et al* (*Review article*) 292–302

Anorexia nervosa
Hospitalisation and adolescents. D. Wood and P. Flower (C) 179. S. G. Gowers (*Author's reply*) (C) 179–180
Treatment with olanzapine. V. S. Jensen and A. Mejlhede (C) 87

Antidepressants
Augmentation with low-dose olanzapine in OCD. A. Marušič and A. Farmer (C) 567
Critical approach to trials. Blindness protection is necessary, feasible and measurable. C. Even *et al* 47–51
Deliberate self-harm. Investigation of a possible link. Stuart Donovan *et al* 551–556
Effectiveness of treatment of depression in primary care. Navjot Bedi *et al* 312–318
Future therapeutic targets in mood disorders: the glucocorticoid receptor. Richard McQuade and Allan H. Young (*Review article*) 390–395
Predictive value of pharmacological activity for relative efficacy. N. Freemantle *et al* (*Review article*) 292–302
v. couple therapy. London Depression Intervention Trial. J. Leff *et al* 95–100
see also **Reboxetine, Selective serotonin reuptake inhibitors, Tricyclics** *and* **Venlafaxine**

Antipsychotics
Stigmatising pharmaceutical advertisements. D. McKay (C) 467–468
see also **Clozapine, Olanzapine, Quetiapine** *and* **Risperidone**

Anxiety disorders
Fear reduction by psychotherapies: a response. I. Marks and R. Dar (C) 280
see also **Phobias**

Apolipoprotein E
Alzheimer's disease, and Down's syndrome. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470

Arachnophobia
A practical management device. S. Smith (C) 372

Assertive community treatment
Are small case-loads beautiful in severe mental illness? Peter Tyrer (*Editorial*) 386–387
Assertive outreach could be cost-effective. J. Wilson and J. Gardner (C) 564

Asylums
Egypt. Lunatic asylums. Henry Rollin (*One hundred years ago*) 183
Joint Counties Asylum, Carmarthen. Henry Rollin (*One hundred years ago*) 568
The duties of a superintendent. Henry Rollin (*One hundred years ago*) 283
Treatment of the insane in the East. Henry Rollin (*One hundred years ago*) 374

Auditory hallucinations
The revised Beliefs About Voices Questionnaire (BAVQ–R). Paul Chadwick *et al* 229–232

Australian National Survey of Mental Health and Well-Being
Common psychological symptoms and disablement. Ailsa Korten and Scott Henderson 325–330

Autistic spectrum disorders
Possible causes of catatonia. R. Chaplin (C) 180. L. Wing and A. Shah (*Authors' reply*) (C) 180–181

Beck Depression Inventory
London Depression Intervention Trial. J. Leff *et al* 95–100

Behavioural disturbance
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65
Psychiatric symptoms in adults with learning disability and challenging behaviour. Steve Moss *et al* 452–456

Behaviour therapy
Behavioural family management in schizophrenia. Alan S. Bellack *et al* 434–439

Beliefs About Voices Questionnaire
Revised (BAVQ–R). Paul Chadwick *et al* 229–232

Betel nut (*Areca catechu*)
Effects of chewing on symptoms of schizophrenia in Palau, Micronesia. Roger J. Sullivan *et al* 174–178

Biopsychosocial psychiatry
Fitting the biopsychosocial jigsaw together. Jeremy Holmes (*Editorial*) 93–94

Bipolar disorder
Acute tryptophan depletion in patients on lithium. J. H. Hughes *et al* 447–451

Blindness procedures
Critical approach to antidepressant trials. C. Even *et al* 47–51

Books
And now the book reviews... Sidney Crown (*Reviews Editor*) *et al* (*Editorial*) 388. Simon Wessely (*Editorial*) 388–389
Books received 574
Ten books. Chosen by Robert Kendell 185–188

Borderline personality disorder
Early termination of treatment in a psychotherapy hospital. Marco Chiesa *et al* 107–111

Bradford Somatic Inventory
Stress and psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

Brain
A neurobiologically informed perspective on psychotherapy. Glen O. Gabbard 117–122
Changes in regional cerebral blood flow due to cognitive activation in schizophrenia. B. K. Toone *et al* 222–228
D_2/D_3 dopamine receptor occupancy by quetiapine. C. M. E. Stephenson *et al* 408–415
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407
Interhemispheric asymmetry of motor cortical excitability in depression. Fumiko Maeda *et al* 169–173
Third ventricle enlargement and developmental delay in first-episode psychosis. Dominic Fannon *et al* 354–359
Transcranial magnetic stimulation: asymmetrical excitability and depression. B. J. Moore (C) 468
Weight in suicide. Emad Salib and George Tadros 257–261

Brain injury
Unconsciousness, amnesia and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545

Breast-feeding
No association with adult psychosis in two national birth cohorts. S. J. Leask *et al* 218–221

Bulimia nervosa
Reliability of lifetime history. Comparison with major depression. Tracey D. Wade *et al* 72–76

Bupropion
Nicotine reduction: effectiveness. J. K. Neumann *et al* (C) 87–88

Camberwell Assessment of Need – European Version
Reliability. EPSILON Study 6. Paul McCrone *et al* (suppl. 39) s34–s40

Cancer
Psychotherapies in psycho-oncology. Sidney Bloch and David Kissane 112–116

Capacity
Concerns over reform of the Mental Health Act. F. Iqbal (C) 563
Reform of the Mental Health Act. Health or safety? George Szmukler and Frank Holloway (*Editorial*) 196–200

Care Programme Approach
Psychiatric patients at greatest risk and in greatest need. Jonathan Bindman *et al* 33–37

Carers
Caregiving in schizophrenia: the Involvement Evaluation Questionnaire. EPSILON Study 4. Bob van Wijngaarden *et al* (suppl. 39) s21–s27
Experience of caregiving: relatives of people experiencing a first episode of psychosis. Lakshika Tennakoon *et al* 529–533

Case-loads
Are small case-loads beautiful in severe mental illness? Peter Tyrer (*Editorial*) 386–387
Effects of size on the process of care in severe psychotic illness. Tom Burns *et al* 427–433

Case management
Are small case-loads beautiful in severe mental illness? Peter Tyrer (*Editorial*) 386–387
Assertive outreach could be cost-effective. J. Wilson and J. Gardner (C) 564
Case-load size and the process of care in severe psychotic illness. Tom Burns *et al* 427–433
Comments on the UK700 trial. D. J. Castle (C) 370–371. K. Gournay and G. Thornicroft (C)371
Relevant training for case managers in severe mental illness. F. M. Martin (C) 564. S. Byford *et al* (*Authors' reply*) (C) 564

Catatonia
Possible causes in autistic spectrum disorders. R. Chaplin (C) 180. L. Wing and A. Shah (*Authors' reply*) (C) 180–181

Causal Models Questionnaire for Schizophrenia
Causes of schizophrenia reported by patients' family members in China. Michael R. Phillips *et al* 20–25

Challenging behaviour
Psychiatric symptoms in adults with learning disability. Steve Moss *et al* 452–456

Changing Minds Campaign
Stigmatisation of people with mental illness. Arthur H. Crisp *et al* 4–7

Checklists
Child Behavior Checklist 59–65
Critical approach to antidepressant trials. Blindness protection is necessary, feasible and measurable. C. Even *et al* 47–51
Operational Checklist for Psychotic Disorders (OPCRIT) 38–41
Psychopathy Checklist (*Review article*) 303–311
Young Adult Behavior Checklist 59–65

Childhood
Child abuse and the clinical course of drug misuse. R. Browne and J. O'Connor (C) 469
Drug dependence and child abuse. B. Charnaud and V. Griffiths (C) 84
Third ventricle enlargement and developmental delay in first-episode psychosis. Dominic Fannon *et al* 354–359
Using the SDQ to screen for psychiatric disorders in a community sample. Robert Goodman *et al* 534–539

Childhood and adolescence
Mental diseases affecting the young. Henry Rollin (*One hundred years ago*) 471
Mental health service use. HoNOSCA as an outcome measure. M. E. Garralda *et al* 52–58
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65
see also **Adolescence**

China
Causes of schizophrenia reported by patients' family members. Michael R. Phillips *et al* 20–25

Cholesterol
In relation to psychological correlates in parasuicide. Malcolm Garland *et al* 77–83
Serum cholesterol and parasuicide. O. J. Famoroti (C) 468

Chronic fatigue syndrome
And depression. E. Goudsmit (C) 470. S. M. MacHale *et al* (*Authors' reply*) (C) 470

Client Socio-Demographic and Service Receipt Inventory – European Version
Development. EPSILON Study 5. D. Chisholm *et al* (suppl. 39) s28–s33

Clinical trials
Critical approach to antidepressant trials. Blindness protection is necessary, feasible and measurable. C. Even *et al* 47–51

Clinician Assessment of Fluctuation
Methods to assess fluctuating confusion in dementia. M. P. Walker *et al* 252–256

Clozapine
Paradoxical pattern of haematological risk. K. Gillman (C) 88. R. Kerwin *et al* (*Authors' reply*) (C) 88
Thrombocytosis: working towards an early marker for induced agranulocytosis. K. Marlowe (C) 372–373

Cognitive–behavioural therapy
Social anxiety in patients with facial disfigurement. J. A. Butler (C) 86. R. Newell and I. Marks (*Authors' reply*) (C) 86
Techniques for general psychiatrists in the management of psychoses. Douglas Turkington and David Kingdon 101–106

Cognitive impairment
Long-term predictors of cognitive outcome in a cohort of older people with hypertension. Jorge A. Cervilla *et al* 66–71
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353
Premorbid functioning in schizophrenia. Jonathan Rabinowitz *et al* 26–32
see also **Dementia**

Cognitive theory
Cognitive approach to depression and suicidal thinking in psychosis
1. Max Birchwood *et al* 516–521
2. Zaffer Iqbal *et al* 522–528

Cognitive therapy
And recovery from acute psychosis. Val Drury *et al* 8–14
Effects on psychological symptoms and social functioning in residual depression. Jan Scott *et al* 440–446

Common mental disorders
Stress and psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

Community care
Are small case-loads beautiful in severe mental illness? Peter Tyrer (*Editorial*) 386–387
Assertive outreach could be cost-effective. J. Wilson and J. Gardner (C) 564
Concerns over reform of the Mental Health Act. M. J. Crawford *et al* (C) 563
Involuntary out-patient commitment and supervised discharge. S. Davies (C) 183
Psychiatric patients at greatest risk and in greatest need. Jonathan Bindman *et al* 33–37

Composite International Diagnostic Interview
Australian National Survey of Mental Health and Well-Being. Ailsa Korten and Scott Henderson 325–330

Confusion
The Clinician Assessment of Fluctuation and the One Day Fluctuation Assessment Scale. M. P. Walker *et al* 252–256

Corrigenda 184, 284, 471

Cortico–striato–thalamic loops
And the hippocampus. Immediate effects of risperidone. Peter F. Liddle *et al* 402–407

Cortisol
Future therapeutic targets in mood disorders: the glucocorticoid receptor. Richard McQuade and Allan H. Young (*Review article*) 390–395
Life events, cortisol, DHEA and depression in high-risk adolescents. I. M. Goodyer *et al* 499–504
Morning cortisol as a risk factor for subsequent depression in adult women. T. O. Harris *et al* 505–510

Costs
Assertive outreach could be cost-effective. J. Wilson and J. Gardner (C) 564
Client Socio-Demographic and Service Receipt Inventory – European Version. EPSILON Study 5. D. Chisholm *et al* (suppl. 39) s28–s33
Comments on the UK700 trial. D. J. Castle (C) 370–371
Expenditure on mental health care by English health authorities. Jonathan Bindman *et al* 267–274
London Depression Intervention Trial. Antidepressants *v.* couple therapy. J. Leff *et al* 95–100
Medical fees for lunacy cases. Henry Rollin (*One hundred years ago*) 89
Price, cost and value of opiate detoxification treatments. Michael Gossop and John Strang 262–266

Counselling
Effectiveness of treatment of depression in primary care. Navjot Bedi *et al* 312–318

Couple therapy
London Depression Intervention Trial. Antidepressants *v.* couple therapy. J. Leff *et al* 95–100

Criminality *see* **Forensic psychiatry**

Cultures
Translation and cross-cultural adaptation of outcome measurements for schizophrenia. EPSILON Study 2. Helle Charlotte Knudsen *et al* (suppl. 39) s8–s14

Dangerousness
Reform of the Mental Health Act. Health or safety? George Szmukler and Frank Holloway (*Editorial*) 196–200

Darwinism
Implications of evolutionary theory for psychiatry. A. Ayton (C) 370. C. Dewar (C) 370
Psychiatry and Darwinism. Riadh T. Abed (*Editorial*) 1–3

Declarative memory
Impact of emotion on memory in Alzheimer's disease. Hiroaki Kazui *et al* 343–347

Dehydroepiandrosterone (DHEA)
Life events, cortisol, DHEA and depression in high-risk adolescents. I. M. Goodyer *et al* 499–504
Morning cortisol as a risk factor for subsequent depression in adult women. T. O. Harris *et al* 505–510

Deliberate self-harm
And antidepressant drugs. Stuart Donovan *et al* 551–556
Effect of death of Diana, Princess of Wales. Keith Hawton *et al* 463–466
Serum cholesterol and parasuicide. O. J. Famoroti (C) 468
Total serum cholesterol in relation to psychological correlates in parasuicide. Malcolm Garland *et al* 77–83

Delusions
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407

Dementia
Apolipoprotein E, Alzheimer's disease and Down's syndrome. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470
Disclosing the diagnosis. A. Ahujn and D. D. R. Williams (C) 565
Impact of emotion on memory. Hiroaki Kazui *et al* 343–347
Predictors of cognitive outcome in older people with hypertension. Jorge A. Cervilla *et al* 66–71
Pre-senile dementia in northern England. David W. K. Kay *et al* 156–162
Pre-senile. Need for neuropathological studies. M. C. Dale (C) 565–566
Two methods to assess fluctuating confusion. M. P. Walker *et al* 252–256

Denmark
Gender differences in risk factors for suicide. Ping Qin *et al* 546–550

Depression
Aetiology
Cognitive approach to depression and suicidal thinking in psychosis. 2. Validity of a social ranking model. Zaffer Iqbal *et al* 522–528
Evolving model of depression as an expression of multiple interacting risk factors. Veronica O'Keane (*Editorial*) 482–483
Gender differences. Marco Piccinelli and Greg Wilkinson (*Review article*) 486–492
Life events, cortisol, DHEA and depression in high-risk adolescents. I. M. Goodyer *et al* 499–504
Low blood pressure in the elderly. R. Stewart (C) 181–182
Morning cortisol as a risk factor in adult women. T. O. Harris *et al* 505–510
Comorbidity
Cognitive approach to depression and suicidal thinking in psychosis
1. Ontogeny of post-psychotic depression. Max Birchwood *et al* 516–521
2. Validity of a social ranking model. Zaffer Iqbal *et al* 522–528
Psychiatric symptoms in adults with learning disability. Steve Moss *et al* 452–456
Course
Cognitive approach to depression and suicidal thinking in psychosis. 1. Ontogeny of post-psychotic depression. Max Birchwood *et al* 516–521
Time to recovery of hitherto untreated unipolar episodes. Toshiaki A. Furukawa *et al* 331–335
Diagnosis
Reliability of lifetime history of bulimia nervosa. Comparison with major depression. Tracey D. Wade *et al* 72–76
Gender differences
Critical review. Marco Piccinelli and Greg Wilkinson (*Review article*) 486–492
Outcome
Association with gender and mortality in old age. R. A. Schoevers *et al* 336–342
More disappointing treatment outcomes in late-life. S. I. Evans (C) 281–282
Of hospital-treated depression. D. Ridley-Siegert (C) 86–87
Psychosocial and psychiatric risk factors for suicide. Andrew T. A. Cheng *et al* 360–365
Pathophysiology
Chronic fatigue syndrome and depression. E. Goudsmit (C) 470. S. M. MacHale *et al* (*Authors' reply*) (C) 470
Interhemispheric asymmetry of motor cortical excitability as measured by transcranial magnetic stimulation. Fumiko Maeda *et al* 169–173
Life events, cortisol, DHEA and depression in high-risk adolescents. I. M. Goodyer *et al* 499–504
Morning cortisol as a risk factor in adult women. T. O. Harris *et al* 505–510
Transcranial magnetic stimulation: asymmetrical excitability. B. J. Moore (C) 468
Therapy
Assessing effectiveness of treatment in primary care. Navjot Bedi *et al* 312–318
Effects of cognitive therapy on psychological symptoms and social functioning in residual depression. Jan Scott *et al* 440–446
London Depression Intervention Trial. J. Leff *et al* 95–100
More disappointing treatment outcomes in late-life. S. I. Evans (C) 281–282
see also **Antidepressants**

Detoxification
In-patient, after GHB dependence. G. Price (C) 181
Price, cost and value of opiate treatments. Michael Gossop and John Strang 262–266

Developmental disability
Psychotherapy. K. P. Courtenay (C) 566

Developmental psychiatry
Insights from learning disability. Sheila Hollins (*Review article*) 201–206

Diagnoses
Disclosing the diagnosis of dementia. A. Ahujn and D. D. R. Williams (C) 565
Reliability of lifetime history of bulimia nervosa. Comparison with major depression. Tracey D. Wade *et al* 72–76
see also **Schizophrenia: *Diagnosis***

Diana, Princess of Wales
Effect of death on suicide and deliberate self-harm. Keith Hawton *et al* 463–466

Disablement
Australian National Survey of Mental Health and Well-Being. Ailsa Korten and Scott Henderson 325–330

Dopamine receptors
Striatal and extra-striatal D_2/D_3 occupancy by quetiapine. C. M. E. Stephenson *et al* 408–415

Down's syndrome
Apolipoprotein E and Alzheimer's disease. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470

Drug misuse *see* **Alcohol misuse** *and* **Substance misuse**

Drugs
Future therapeutic targets in mood disorders: the glucocorticoid receptor. Richard McQuade and Allan H. Young (*Review article*) 390–395
Medication and alcohol in nursing homes. I. Johnson (C) 282
see also **Antidepressants, Antipsychotics, Betel nut, Bupropion, Clozapine, Etomidate, Gamma-hydroxybutyrate, Lithium, Olanzapine, Opiates, Quetiapine,**

Reboxetine, Risperidone, Selective serotonin reuptake inhibitors, Tricyclics *and* Venlafaxine

DSM–III–R
Causes of schizophrenia reported by patients' family members. Michael R. Phillips *et al* 20–25
First-rank symptoms in sibling pairs with schizophrenia and schizoaffective disorder. Josephine Loftus *et al* 15–19
No association between breast-feeding and adult psychosis. S. J. Leask *et al* 218–221

DSM–IV
Tryptophan depletion in bipolar patients on lithium. J. H. Hughes *et al* 447–451

Eating disorders *see* Anorexia nervosa *and* Bulimia nervosa

Egypt
Lunatic asylums. Henry Rollin (*One hundred years ago*) 183

Elderly
Association of depression and gender with mortality. R. A. Schoevers *et al* 336–342
Long-term predictors of cognitive outcome in a cohort with hypertension. Jorge A. Cervilla *et al* 66–71
Low blood pressure and depression. R. Stewart (C) 181–182
Medication and alcohol in nursing homes. I. Johnson (C) 282
More disappointing treatment outcomes in late-life depression. S. I. Evans (C) 281–282
Outcome of hospital-treated depression. D. Ridley-Siegert (C) 86–87

Electroconvulsive therapy (ECT)
Etomidate-induced convulsion prior to ECT. K. Nicoll and J. Callender (C) 373

Electroencephalogram
Two methods to assess fluctuating confusion in dementia. M. P. Walker *et al* 252–256

Emotion
Impact on memory in Alzheimer's disease. Hiroaki Kazui *et al* 343–347

England
And Wales. Seasonal variation in suicides: diminished or vanished. Paul S. F. Yip *et al* 366–369
Expenditure on mental health care by health authorities. Jonathan Bindman *et al* 267–274
Pre-senile dementia in northern England. David W. K. Kay *et al* 156–162
see also **London**

EPSILON Study. *Reliable outcome measures for mental health service research in five European countries.* G. Thornicroft *et al* (eds) (suppl. 39) s1–s54
Aims, outcome measures, study sites and patient sample. 1. Thomas Becker *et al* s1–s7
Caregiving in schizophrenia: the Involvement Evaluation Questionnaire. 4. Bob van Wijngaarden *et al* s21–s27
Client Socio-Demographic and Service Receipt Inventory. 5. D. Chisholm *et al* s28–s33
Development, consistency and reliability of the Verona Service Satisfaction Scale. 7. Mirella Ruggeri *et al* s41–s48
Development, reliability and internal consistency of the Lancashire Quality of Life Profile. 8. Luis Gaite *et al* s49–s54
Methodology of a multi-site reliability study. 3. Aart H. Schene *et al* s15–s20
Reliability of the Camberwell Assessment of Need. 6. Paul McCrone *et al* s34–s40
Translation and adaptation of outcome measurements. 2. Helle Charlotte Knudsen *et al* s8–s14

Ethnicity
Differences in admissions to secure forensic psychiatry services. Jeremy Coid *et al* 241–247
Differences in forensic hospitalisation. S. P. Sarkar (C) 566

Etomidate
Induced convulsion prior to ECT. K. Nicoll and J. Callender (C) 373

Europe *see* Amsterdam Study of the Elderly, Denmark, EPSILON Study (suppl. 39), **Hungary, Ireland *and* Poland**

Evidence-based medicine
Finding the evidence in forensic rehabilitation. P. Lindqvist and J. Skipworth (C) 372
Measurement and psychotherapy. Frank R. Margison *et al* 123–130

Evolutionary theory
Implications for psychiatry. A. Ayton (C) 370. C. Dewar (C) 370
Psychiatry and Darwinism. Riadh T. Abed (*Editorial*) 1–3

Executive Interview
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353

Exposure
Fear reduction by psychotherapies: a response. I. Marks and R. Dar (C) 280

Extrapyramidal Symptom Rating Scale
Effects of chewing betel nut on the symptoms of schizophrenia. Roger J. Sullivan *et al* 174–178

Facial disfigurement
Social anxiety in patients. J. A. Butler (C) 86. R. Newell and I. Marks (*Authors' reply*) (C) 86

Families
Caregiving in schizophrenia: the Involvement Evaluation Questionnaire. EPSILON Study 4. Bob van Wijngaarden *et al* (suppl. 39) s21–s27
Causes of schizophrenia reported by patients' family members in China. Michael R. Phillips *et al* 20–25
Experience of caregiving: relatives of people experiencing a first episode of psychosis. Lakshika Tennakoon *et al* 529–533
Personality disorders and normal personality dimensions in OCD. Jack Samuels *et al* 457–462

Family therapy
Behavioural family management in schizophrenia. Alan S. Bellack *et al* 434–439
Psychotherapies in psycho-oncology. Sidney Bloch and David Kissane 112–116

First-rank symptoms
Factor structure and familiality in sibling pairs with schizophrenia and schizoaffective disorder. Josephine Loftus *et al* 15–19
Relevance of Schneider's first-rank symptoms. F. Ortuño and R. M. Bonelli (C) 85. V. Peralta and M. J. Cuesta (*Authors' reply*) (C) 85

Forensic psychiatry
Ethnic differences in admissions to secure services. Jeremy Coid *et al* 241–247
Ethnic differences in forensic hospitalisation. S. P. Sarkar (C) 566
Finding the evidence in rehabilitation. P. Lindqvist and J. Skipworth (C) 372
Forensic trials inform the present and future. S. J. Cure and C. E. Adams (C) 182
Needs assessment for mentally disordered offenders: measurement of 'ability to benefit' and outcome. Andrea Cohen and Nigel Eastman (*Review article*) 493–498
Psychotic disorders in adolescence and criminally violent behaviour. Patrick Clare *et al* (*Preliminary report*) 275–279
Substance misuse as a marker of vulnerability among male remand prisoners. Deborah Brooke *et al* 248–251
Violence risk prediction. M. Dolan and M. Doyle (*Review article*) 303–311

Gamma-hydroxybutyrate (GHB)
In-patient detoxification after dependence. G. Price (C) 181

Gender differences
Association of depression with mortality in old age. R. A. Schoevers *et al* 336–342

Drug dependence and child abuse. B. Charnaud and V. Griffiths (C) 84
In depression. Marco Piccinelli and Greg Wilkinson (*Review article*) 486–492
In risk factors for suicide in Denmark. Ping Qin *et al* 546–550
Sex and suicide. Keith Hawton (*Editorial*) 484–485
Stress and psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

General Health Questionnaire (GHQ–12)
Australian National Survey of Mental Health and Well-Being. Ailsa Korten and Scott Henderson 325–330
Experience of caregiving. Lakshika Tennakoon *et al* 529–533
Quality of life measure for people with schizophrenia: the SQLS. Greg Wilkinson *et al* 42–46

General psychiatrists
Cognitive–behavioural techniques in the management of patients with psychoses. Douglas Turkington and David Kingdon 101–106

Genetics
A neurobiologically informed perspective on psychotherapy. Glen O. Gabbard 117–122
Apolipoprotein E, Alzheimer's disease and Down's syndrome. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470
Factor structure and familiality of first-rank symptoms in sibling pairs with schizophrenia and schizoaffective disorder. Josephine Loftus *et al* 15–19

Geriatric Mental State AGECAT
Depression and mortality in old age. R. A. Schoevers *et al* 336–342

Global Assessment of Functioning
Definition and prevalence of severe and persistent mental illness. Mirella Ruggeri *et al* 149–155

Glucocorticoid receptors
Future therapeutic targets in mood disorders. Richard McQuade and Allan H. Young (*Review article*) 390–395

Grief therapy
Psychotherapies in psycho-oncology. Sidney Bloch and David Kissane 112–116

Group therapy
Psychotherapies in psycho-oncology. Sidney Bloch and David Kissane 112–116

Hallucinations
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407

Health authorities
English. Expenditure on mental health care. Jonathan Bindman *et al* 267–274

Health of the Nation Outcome Scales (HoNOS)
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353

Health of the Nation Outcome Scales for Children and Adolescents (HoNOSCA)
Child and adolescent mental health service use. M. E. Garralda *et al* 52–58

Highlights
Mary Cannon 195, 289, 385, 481

Hippocampus
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407

Hospital Anxiety and Depression Scale
For use with adolescents. D. Marchevsky (C) 89. C. Leach *et al* (*Authors' reply*) (C) 89
Quality of life measure for people with schizophrenia: the SQLS. Greg Wilkinson *et al* 42–46
The revised Beliefs About Voices Questionnaire (BAVQ–R). Paul Chadwick *et al* 229–232

Hospitals *see* **Asylums** *and* **In-patients**

Hungary
Decreasing suicide. Z. Rihmer *et al* (C) 84

Hypertension
Long-term predictors of cognitive outcome in a cohort of older people. Jorge A. Cervilla *et al* 66–71

Hypotension
And depression in the elderly. R. Stewart (C) 181–182

Hypothalamic–pituitary–adrenal (HPA) axis
Depression as an expression of multiple interacting risk factors. Veronica O'Keane (*Editorial*) 482–483
Future therapeutic targets in mood disorders: the glucocorticoid receptor. Richard McQuade and Allan H. Young (*Review article*) 390–395

ICD–10
Caregiving in schizophrenia: EPSILON Study 4. Bob van Wijngaarden *et al* (suppl. 39) s21–s27
Cognitive approach to depression and suicidal thinking in psychosis
1. Max Birchwood *et al* 516–521
2. Zaffer Iqbal *et al* 522–528
Psychosocial and psychiatric risk factors for suicide. Andrew T. A. Cheng *et al* 360–365
Stress and psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

Impulsivity
Total serum cholesterol and parasuicide. Malcolm Garland *et al* 77–83

Infancy
Neurocognitive deficits in infants of mothers with schizophrenia. E. H. Friedman (C) 564–565
No association between breast-feeding and adult psychosis. S. J. Leask *et al* 218–221

Initial Letter Verbal Fluency Test (FAS)
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353

In-patients
Detoxification after GHB dependence. G. Price (C) 181
Early termination of treatment of personality disorder in a psychotherapy hospital. Marco Chiesa *et al* 107–111
Ethnic differences in admissions to secure forensic psychiatry services. Jeremy Coid *et al* 241–247
Ethnic differences in forensic hospitalisation. S. P. Sarkar (C) 566
Hospitalisation and adolescent anorexia nervosa. D. Wood and P. Flower (C) 179. S. G. Gowers (*Author's reply*) (C) 179–180
Suicide in psychiatric hospital patients in Ireland. E. Corcoran and D. Walsh (C) 181
see also **Asylums**

Insight
Reappraising insight in psychosis. Manuel J. Cuesta *et al* 233–240

Internet
A virtual cry for help? D. Ball (C) 568

Interviews
Composite International Diagnostic Interview 325–330
Executive Interview 348–353

Inventories
Beck Depression Inventory 95–100
Bradford Somatic Inventory 557–562
Client Socio-Demographic and Service Receipt Inventory – European Version (suppl. 39) s28–s33
Revised NEO Personality Inventory 457–462

Involuntary treatment
Concerns over reform of the Mental Health Act. M. J. Crawford *et al* (C) 563. F. Iqbal (C) 563
Involuntary out-patient commitment and supervised discharge. S. Davies (C) 183
Reform of the Mental Health Act. Health or safety? George Szmukler and Frank Holloway (*Editorial*) 196–200

Involvement Evaluation Questionnaire – European Version
Caregiving in schizophrenia: EPSILON Study 4. Bob van Wijngaarden *et al* (suppl. 39) s21–s27

Ireland
Suicide in psychiatric hospital in-patients. E. Corcoran and D. Walsh (C) 181

Joint Counties Asylum, Carmarthen
Annual Report for 1899. Henry Rollin (*One hundred years ago*) 568

Journals
And now the book reviews... Sidney Crown (*Reviews Editor*) *et al* (*Editorial*) 388. Simon Wessely (*Editorial*) 388–389
Stigmatising pharmaceutical advertisements. D. McKay (C) 467–468

Lancashire Quality of Life Profile – European Version
Development, reliability and internal consistency. EPSILON Study 8. Luis Gaite *et al* (suppl. 39) s49–s54

Language
Outcome of hospital-treated depression. D. Ridley-Siegert (C) 86–87
Translation and adaptation of outcome measurements for schizophrenia. EPSILON Study 2. Helle Charlotte Knudsen *et al* (suppl. 39) s8–s14

Learning disabilities
Apolipoprotein E, Alzheimer's disease and Down's syndrome. V. P. Prasher and M. S. Haque (C) 469. S. Deb *et al* (*Authors' reply*) (C) 469–470
Developmental psychiatry – insights from learning disability. Sheila Hollins (*Review article*) 201–206
Possible causes of catatonia in autistic spectrum disorders. R. Chaplin (C) 180. L. Wing and A. Shah (*Authors' reply*) (C) 180–181
Psychiatric symptoms in adults with challenging behaviour. Steve Moss *et al* 452–456
Psychotherapy and developmental disability. K. P. Courtenay (C) 566

Life events
Cortisol, DHEA and depression in high-risk adolescents. I. M. Goodyer *et al* 499–504
Morning cortisol as a risk factor for subsequent depression in adult women. T. O. Harris *et al* 505–510
Psychosocial and psychiatric risk factors for suicide. Andrew T. A. Cheng *et al* 360–365

Lithium
Acute tryptophan depletion in bipolar patients on lithium. J. H. Hughes *et al* 447–451
And mortality. K. S. Gracious and F. Falodun (C) 371. P. Vestergaard and R. W. Licht (*Authors' reply*) (C) 371–372

London
Expenditure on mental health care by English health authorities. Jonathan Bindman *et al* 267–274
West London first-episode study of schizophrenia. Thomas R. E. Barnes *et al* 207–211

Medical conditions
Causes of the excess mortality of schizophrenia. Steve Brown *et al* 212–217
see also **Agranulocytosis, Cancer, Pancreatitis** *and* **Thrombocytosis**

Memory
Amnesia, unconsciousness, and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545
A neurobiologically informed perspective on psychotherapy. Glen O. Gabbard 117–122
Impact of emotion in Alzheimer's disease. Hiroaki Kazui *et al* 343–347

Men
Premorbid functioning in schizophrenia. Jonathan Rabinowitz *et al* 26–32
Reboxetine-induced spontaneous ejaculation. R. O'Flynn and A. Michael (C) 567–568
Substance misuse among remand prisoners. Deborah Brooke *et al* 248–251
Venlafaxine-induced painful ejaculation. A. Michael (C) 282–283
see also **Gender differences**

Mental Health Act 1983
Concerns over reform. M. J. Crawford *et al* (C) 563. F. Iqbal (C) 563
Reform. Health or safety? George Szmukler and Frank Holloway (*Editorial*) 196–200

Mental health literacy
Public knowledge and beliefs about mental disorders. A. F. Jorm (*Review article*) 396–401

Mental health review tribunals
Complex medical roles. H. A. Prins (C) 182

Mental health services
A new service: high quality and user-led. Louis Appleby (*Editorial*) 290–291
Child and adolescent use. HoNOSCA as an outcome measure. M. E. Garralda *et al* 52–58
Developmental psychiatry – insights from learning disability. Sheila Hollins (*Review article*) 201–206
Expenditure by English health authorities. Jonathan Bindman *et al* 267–274
Focus on psychiatry in Poland. Marek Balicki *et al* 375–381
Needs assessment for mentally disordered offenders. Andrea Cohen and Nigel Eastman (*Review article*) 493–498
see also **EPSILON Study** (suppl. 39)

Mental illness *see* **Psychiatric disorders**

Mentally disordered offenders *see* **Forensic psychiatry**

Middle East
Egypt. Lunatic asylums. Henry Rollin (*One hundred years ago*) 183
Treatment of the insane in the East. Henry Rollin (*One hundred years ago*) 374

Mini-Mental State Examination
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353
Predictors of cognitive outcome in older people with hypertension. Jorge A. Cervilla *et al* 66–71

Mood disorders *see* **Affective disorders**

Mood stabilisers
Future therapeutic targets in mood disorders: the glucocorticoid receptor. Richard McQuade and Allan H. Young (*Review article*) 390–395

Mortality
Association of depression and gender with mortality in old age. R. A. Schoevers *et al* 336–342
Causes of the excess mortality of schizophrenia. Steve Brown *et al* 212–217
Lithium. K. S. Gracious and F. Falodun (C) 371. P. Vestergaard and R. W. Licht (*Authors' reply*) (C) 371–372
Survival, place of death, and death certification in pre-senile dementia. David W. K. Kay *et al* 156–162
see also **Suicide**

Mothers
With schizophrenia. Neurocognitive deficits in infants. E. H. Friedman (C) 564–565

Motor cortical excitability
Interhemispheric asymmetry in major depression. Fumiko Maeda *et al* 169–173
Transcranial magnetic stimulation: asymmetrical excitability and depression. B. J. Moore (C) 468

National Adult Reading Test
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353

National Service Framework (NSF)
A new mental health service. Louis Appleby (*Editorial*) 290–291

Needs assessment
For mentally disordered offenders: measurement of 'ability to benefit' and outcome. Andrea Cohen and Nigel Eastman (*Review article*) 493–498
Reliability of the Camberwell Assessment of Need. EPSILON Study 6. Paul McCrone *et al* (suppl. 39) s34–s40

Neurosis
Non-psychotic psychiatric disorder and subsequent risk of schizophrenia. Glyn Lewis *et al* 416–420

Neuroticism
Personality disorders and normal personality dimensions in OCD. Jack Samuels *et al* 457–462

Nicotine reduction
Effectiveness of bupropion. J. K. Neumann *et al* (C) 87–88

Nithsdale (Scotland)
Schizophrenia Surveys 20. Cognitive function in a catchment-area-based population of patients. C. Kelly *et al* 348–353

Nursing homes
Medication and alcohol. I. Johnson (C) 282

Obsessive–compulsive disorder (OCD)
Antidepressant augmentation with low-dose olanzapine. A. Marušič and A. Farmer (C) 567
Personality disorders and normal personality dimensions. Jack Samuels *et al* 457–462

Obsessive–compulsive personality disorder
Personality disorders and normal personality dimensions in OCD. Jack Samuels *et al* 457–462

Offenders *see* **Forensic psychiatry**

Olanzapine
And pancreatitis. R. Hagger *et al* (C) 567

Non-psychotic psychiatric disorder and subsequent risk of schizophrenia. Glyn Lewis *et al* 416–420
Psychosocial and psychiatric risk factors for suicide. Andrew T. A. Cheng *et al* 360–365
Psychosocial treatment programmes: service developments and research. R. Haigh (C) 281

Pharmaceutical advertisements
Stigmatising. D. McKay (C) 467–468

Pharmacology
Predictive value of pharmacological activity for the relative efficacy of antidepressants. N. Freemantle *et al* (*Review article*) 292–302

Phobias
Arachnophobia: a practical management device. S. Smith (C) 372
Social anxiety in patients with facial disfigurement. J. A. Butler (C) 86. R. Newell and I. Marks (*Authors' reply*) (C) 86

Poland
Focus on psychiatry. Marek Balicki *et al* 375–381

Positive and Negative Syndrome Scale
Effects of chewing betel nut on the symptoms of schizophrenia. Roger J. Sullivan *et al* 174–178

Positron emission tomography
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407

Post-psychotic depression
Cognitive approach to depression and suicidal thinking in psychosis
1. Max Birchwood *et al* 516–521
2. Zaffer Iqbal *et al* 522–528

Post-traumatic stress disorder (PTSD)
Psychological therapies. Gwen Adshead 144–148
Unconsciousness, amnesia and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545

Practice-based evidence
Measurement and psychotherapy. Frank R. Margison *et al* 123–130

Practice Research Networks (PRNs)
Measurement and psychotherapy. Frank R. Margison *et al* 123–130

Pregnancy
Neurocognitive deficits in infants of mothers with schizophrenia. E. H. Friedman (C) 564–565

Pre-senile dementia
Need for neuropathological studies. M. C. Dale (C) 565–566
Survival, place of death, and death certification in northern England. David W. K. Kay *et al* 156–162

Primary care
Assessing effectiveness of treatment of depression. Navjot Bedi *et al* 312–318

Prisoners
Substance misuse as a marker of vulnerability among males on

remand. Deborah Brooke *et al* 248–251

Psychiatric disorders
And stress, in urban Rawalpindi. David B. Mumford *et al* 557–562
Are small case-loads beautiful in severe mental illness? Peter Tyrer (*Editorial*) 386–387
Definition and prevalence of severe and persistent mental illness. Mirella Ruggeri *et al* 149–155
Mental diseases affecting the young. Henry Rollin (*One hundred years ago*) 471
Mental health literacy. Public knowledge and beliefs about mental disorders. A. F. Jorm (*Review article*) 396–401
Non-psychotic psychiatric disorder and subsequent risk of schizophrenia. Glyn Lewis *et al* 416–420
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65
Psychiatric symptoms in adults with learning disability and challenging behaviour. Steve Moss *et al* 452–456
Psychotherapy for patients with complex disorders and chronic symptoms. E. Guthrie 131–137
Stigmatisation: classifying drug and alcohol misuse as mental illness. D. Heim (C) 566–567
Stigmatisation of people with mental illness. Arthur H. Crisp *et al* 4–7
Treatment of the insane in the East. Henry Rollin (*One hundred years ago*) 374
Using the SDQ to screen for child disorders. Robert Goodman *et al* 534–539

Psychiatrists
Can cause stigma too. R. Chaplin (C) 467
Cognitive–behavioural techniques for general psychiatrists in the management of patients with psychoses. Douglas Turkington and David Kingdon 101–106
The duties of an asylum superintendent. Henry Rollin (*One hundred years ago*) 283

Psychiatry
And Darwinism. Riadh T. Abed (*Editorial*) 1–3
Focus on Poland. Marek Balicki *et al* 375–381
Implications of evolutionary theory. A. Ayton (C) 370. C. Dewar (C) 370

Psychological debriefing
Historical military perspective. I. Palmer (C) 280–281

Psycho-oncology
Psychotherapies. Sidney Bloch and David Kissane 112–116

Psychopathy Checklist
Violence risk prediction. M. Dolan and M. Doyle (*Review article*) 303–311

Psychosis
Case-load size and the process of care in severe psychotic illness. Tom Burns *et al* 427–433
Causes and consequences of duration of untreated psychosis in schizophrenia. Richard J. Drake *et al* 511–515
Cognitive approach to depression and suicidal thinking
1. Max Birchwood *et al* 516–521
2. Zaffer Iqbal *et al* 522–528
Cognitive–behavioural techniques for general psychiatrists in the management of patients. Douglas Turkington and David Kingdon 101–106
Cognitive therapy and recovery from acute psychosis. Val Drury *et al* 8–14
Definition and prevalence of severe and persistent mental illness. Mirella Ruggeri *et al* 149–155
Experience of caregiving: relatives of people experiencing a first episode. Lakshika Tennakoon *et al* 529–533
In adolescence, and criminally violent behaviour. Patrick Clare *et al* (*Preliminary report*) 275–279
No association between breast-feeding and adult psychosis. S. J. Leask *et al* 218–221
Outcome for schizoaffective disorders, schizophrenia, affective disorders and mood-incongruent psychotic symptoms. Martin Harrow *et al* 421–426
Reappraising insight. Manuel J. Cuesta *et al* 233–240
Relevance of Schneider's first-rank symptoms. F. Ortuño and R. M. Bonelli (C) 85. V. Peralta and M. J. Cuesta (*Authors' reply*) (C) 85

Cognitive approach to depression and suicidal thinking
1. Ontogeny of post-psychotic depression. Max Birchwood *et al* 516–521
2. Validity of a social ranking model. Zaffer Iqbal *et al* 522–528

Diagnosis
Relevance of Schneider's first-rank symptoms. F. Ortuño and R. M. Bonelli (C) 85. V. Peralta and M. J. Cuesta (*Authors' reply*) (C) 85
Schizophrenia is not disappearing in south-west Scotland. J. Allardyce *et al* 38–41

Epidemiology
Schizophrenia is not disappearing in south-west Scotland. J. Allardyce *et al* 38–41

Families
Caregiving: the Involvement Evaluation Questionnaire. EPSILON Study 4. Bob van Wijngaarden *et al* (suppl. 39) s21–s27
Causes reported by patients' family members in China. Michael R. Phillips *et al* 20–25
Effects of behavioural family management on family communication and patient outcomes. Alan S. Bellack *et al* 434–439
Neurocognitive deficits in infants of mothers with schizophrenia. E. H. Friedman (C) 564–565

Genetics
Factor structure and familiality of first-rank symptoms in sibling pairs. Josephine Loftus *et al* 15–19

Neuropsychology
Changes in regional cerebral blood flow due to cognitive activation. B. K. Toone *et al* 222–228
Nithsdale Surveys 20: cognitive function. C. Kelly *et al* 348–353

Outcome
Causes and consequences of duration of untreated psychosis. Richard J. Drake *et al* 511–515
Causes of the excess mortality. Steve Brown *et al* 212–217
Patients with schizoaffective disorders, schizophrenia, affective disorders and mood-incongruent psychotic symptoms. Martin Harrow *et al* 421–426
West London first-episode study. Clinical correlates of duration of untreated psychosis. Thomas R. E. Barnes *et al* 207–211
see also **EPSILON Study** (suppl. 39)

Pathology
Third ventricle enlargement and developmental delay in first-episode psychosis. Dominic Fannon *et al* 354–359

Pathophysiology
Changes in regional cerebral blood flow due to cognitive activation. B. K. Toone *et al* 222–228
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407

Premorbid characteristics
Cognitive and behavioural functioning in men before and after first admission. Jonathan Rabinowitz *et al* 26–32
Non-psychotic psychiatric disorder and subsequent risk. Glyn Lewis *et al* 416–420

Quality of life
Lancashire Quality of Life Profile – European Version. EPSILON Study 8. Luis Gaite *et al* (suppl. 39) s49–s54
Self-report measure: the SQLS. Greg Wilkinson *et al* 42–46

Stigmatisation
Of people with mental illness. Arthur H. Crisp *et al* 4–7
Pharmaceutical advertisements. D. McKay (C) 467–468

Therapy
Cognitive–behavioural techniques for general psychiatrists. Douglas Turkington and David Kingdon 101–106
Effects of behavioural family management on family communication and patient outcomes. Alan S. Bellack *et al* 434–439
Effects of chewing betel nut on symptoms in Palau, Micronesia. Roger J. Sullivan *et al* 174–178
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407
see also **EPSILON Study** (suppl. 39)

Schizophrenia Quality of Life Scale (SQLS)
Self-report measure for people with schizophrenia. Greg Wilkinson *et al* 42–46

Schneider, Kurt
Relevance of first-rank symptoms. F. Ortuño and R. M. Bonelli (C) 85. V. Peralta and M. J. Cuesta (*Authors' reply*) (C) 85

Scotland
Nithsdale Schizophrenia Surveys 20: cognitive function. C. Kelly *et al* 348–353
Schizophrenia is not disappearing in south-west Scotland. J. Allardyce *et al* 38–41

Seasonality
Variation in suicides: diminished or vanished. Paul S. F. Yip *et al* 366–369

Secure services
Ethnic differences in admissions. Jeremy Coid *et al* 241–247

Seizures
Etomidate-induced convulsion prior to ECT. K. Nicoll and J. Callender (C) 373

Selective serotonin reuptake inhibitors (SSRIs)
Deliberate self-harm and antidepressant drugs. Stuart Donovan *et al* 551–556
In the UK: risk of relapse or recurrence of depression. Ami J. Claxton *et al* 163–168
Predictive value of pharmacological activity for the relative efficacy of antidepressants. N. Freemantle *et al* (*Review article*) 292–302

Serotonin
Acute tryptophan depletion in bipolar patients on lithium. J. H. Hughes *et al* 447–451
Total serum cholesterol and parasuicide. Malcolm Garland *et al* 77–83

Severe mental illness
Are small case-loads beautiful? Peter Tyrer (*Editorial*) 386–387
Definition and prevalence of severe and persistent mental illness. Mirella Ruggeri *et al* 149–155
Effects of case-load size on the process of care. Tom Burns *et al* 427–433
Relevant training for case managers. F. M. Martin (C) 564. S. Byford *et al* (*Authors' reply*) (C) 564

Sex differences *see* **Gender differences**

Sexual abuse
Child abuse and the clinical course of drug misuse. R. Browne and J. O'Connor (C) 469
Drug dependence and child abuse. B. Charnaud and V. Griffiths (C) 84

Sexual dysfunction
Reboxetine-induced spontaneous ejaculation. R. O'Flynn and A. Michael (C) 567–568
Venlafaxine-induced painful ejaculation. A. Michael (C) 282–283

SF-36
Quality of life measure for people with schizophrenia: the SQLS. Greg Wilkinson *et al* 42–46

Shared care
Patient-held records. James P. Warner *et al* 319–324

Single photon emission computerised tomography
Changes in regional cerebral blood flow due to cognitive activation in schizophrenia. B. K. Toone *et al* 222–228

Single photon emission tomography
D_2/D_3 dopamine receptor occupancy by quetiapine. C. M. E. Stephenson *et al* 408–415

Smoking
Causes of the excess mortality of schizophrenia. Steve Brown *et al* 212–217
Nicotine reduction: effectiveness of bupropion. J. K. Neumann *et al* (C) 87–88

Social deprivation
Expenditure on mental health care by English health authorities. Jonathan Bindman *et al* 267–274

Social functioning
Cognitive therapy in residual depression. Jan Scott *et al* 440–446
Premorbid functioning in schizophrenia. Jonathan Rabinowitz *et al* 26–32

Social phobia
Social anxiety in patients with facial disfigurement. J. A. Butler (C) 86. R. Newell and I. Marks (*Authors' reply*) (C) 86

Social ranking
Cognitive approach to depression and suicidal thinking in psychosis. 2. Zaffer Iqbal *et al* 522–528

Somatic symptoms
Stress and psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

Spontaneous ejaculation
Reboxetine-induced. R. O'Flynn and A. Michael (C) 567–568

Stalking
Talmudic, Koranic and other classic reports. B. Dan and C. Kornreich (C) 282

Statistics
Caregiving in schizophrenia: the Involvement Evaluation Questionnaire. EPSILON Study 4. Bob van Wijngaarden *et al* (suppl. 39) s21–s27
Development, internal consistency and reliability of the Verona Service Satisfaction Scale. EPSILON Study 7. Mirella Ruggeri *et al* (suppl. 39) s41–s48
Development, reliability and internal consistency of the Lancashire Quality of Life Profile. EPSILON Study 8. Luis Gaite *et al* (suppl. 39) s49–s54
Methodology of a multi-site reliability study. EPSILON Study 3. Aart H. Schene *et al* (suppl. 39) s15–s20
Reliability of the Camberwell Assessment of Need. EPSILON Study 6. Paul McCrone *et al* (suppl. 39) s34–s40
see also **Analyses**

Stigmatisation
Classifying drug and alcohol misuse as mental illness. D. Heim (C) 566–567
Of people with mental illness. Arthur H. Crisp *et al* 4–7
Pharmaceutical advertisements. D. McKay (C) 467–468
Psychiatrists can cause stigma too. R. Chaplin (C) 467

Strengths and Difficulties Questionnaire (SDQ)
Use to screen for child psychiatric disorders in a community sample. Robert Goodman *et al* 534–539

Stress
And psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

Striatum
D_2/D_3 dopamine receptor occupancy by quetiapine. C. M. E. Stephenson *et al* 408–415
Effects of risperidone on cortico–striato–thalamic loops and the hippocampus. Peter F. Liddle *et al* 402–407

Substance misuse
As a marker of vulnerability among male remand prisoners. Deborah Brooke *et al* 248–251
Child abuse and the clinical course. R. Browne and J. O'Connor (C) 469
Dependence and child abuse. B. Charnaud and V. Griffiths (C) 84
Effects of chewing betel nut on the symptoms of schizophrenia in Palau, Micronesia. Roger J. Sullivan *et al* 174–178
In-patient detoxification after GHB dependence. G. Price (C) 181
Non-psychotic psychiatric disorder and subsequent risk of schizophrenia. Glyn Lewis *et al* 416–420
Price, cost and value of opiate detoxification treatments. Michael Gossop and John Strang 262–266
Psychosocial and psychiatric risk factors for suicide. Andrew T. A. Cheng *et al* 360–365
Stigmatisation: classifying drug and alcohol misuse as mental illness. D. Heim (C) 566–567
Stigmatisation of people with mental illness. Arthur H. Crisp *et al* 4–7
see also **Alcohol misuse** *and* **Smoking**

Suicide
Acute tryptophan depletion in bipolar patients on lithium. J. H. Hughes *et al* 447–451
Brain weight. Emad Salib and George Tadros 257–261

Cognitive approach to depression and suicidal thinking in psychosis
1. Max Birchwood *et al* 516–521
2. Zaffer Iqbal *et al* 522–528
Decreasing in Hungary. Z. Rihmer *et al* (C) 84
Effect of death of Diana, Princess of Wales. Keith Hawton *et al* 463–466
Gender differences in risk factors in Denmark. Ping Qin *et al* 546–550
In psychiatric hospital in-patients in Ireland. E. Corcoran and D. Walsh (C) 181
Psychosocial and psychiatric risk factors. Andrew T. A. Cheng *et al* 360–365
Seasonal variation: diminished or vanished. Paul S. F. Yip *et al* 366–369
Sex and suicide. Keith Hawton (*Editorial*) 484–485

Supervised discharge
And involuntary out-patient commitment. S. Davies (C) 183

Supervision Registers
Psychiatric patients at greatest risk and in greatest need. Impact of the policy. Jonathan Bindman *et al* 33–37

Symptoms
Australian National Survey of Mental Health and Well-Being. Ailsa Korten and Scott Henderson 325–330
Cognitive therapy in residual depression. Jan Scott *et al* 440–446
Effects of chewing betel nut on the symptoms of schizophrenia. Roger J. Sullivan *et al* 174–178
Psychiatric symptoms in adults with learning disability and challenging behaviour. Steve Moss *et al* 452–456
Psychotherapy for patients with complex disorders and chronic symptoms. E. Guthrie 131–137
Ten-year outcome for schizoaffective disorders. Martin Harrow *et al* 421–426
Unconsciousness, amnesia and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545
see also **First-rank symptoms**

Teacher's Report Form
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65

Temporal cortex
D_2/D_3 dopamine receptor occupancy by quetiapine. C. M. E. Stephenson *et al* 408–415

Ten books
Chosen by Robert Kendell 185–188

Tests
Initial Letter Verbal Fluency Test (FAS) 348–353
National Adult Reading Test 348–353
Rivermead Behavioural Memory Test 348–353
Wisconsin Card Sord Test 222–228

Therapeutic communities
Early termination of treatment of personality disorder in a psychotherapy hospital. Marco Chiesa *et al* 107–111
Psychosocial treatment programmes for personality disorders. R. Haigh (C) 281

Thrombocytosis
Due to clozapine treatment. K. Marlowe (C) 372–373

Training
Comments on the UK700 case management trial. K. Gournay and G. Thornicroft (C) 371
Relevant training for case managers in severe mental illness. F. M. Martin (C) 564. S. Byford *et al* (*Authors' reply*) (C) 564

Transcranial magnetic stimulation
Asymmetrical excitability and depression. B. J. Moore (C) 468
Interhemispheric asymmetry of motor cortical excitability in major depression. Fumiko Maeda *et al* 169–173

Trauma
Psychological debriefing: historical military perspective. I. Palmer (C) 280–281
Psychological therapies for PTSD. Gwen Adshead 144–148
Unconsciousness, amnesia and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545

Tricyclics
Deliberate self-harm and antidepressant drugs. Stuart Donovan *et al* 551–556

Tryptophan depletion
Effects on mood and suicidal ideation in bipolar patients on lithium. J. H. Hughes *et al* 447–451

UK700 trial
Assertive outreach could be cost-effective. J. Wilson and J. Gardner (C) 564
Case-load size and the process of care in severe psychotic illness. Tom Burns *et al* 427–433 Comments. D. J. Castle (C) 370–371. K. Gournay and G. Thornicroft (C) 371
Relevant training for case managers in severe mental illness. F. M. Martin (C) 564. S. Byford *et al* (*Authors' reply*) (C) 564

Unconsciousness
Amnesia, and psychiatric symptoms following road traffic accident injury. Richard A. Mayou *et al* 540–545

Unipolar depression
Time to recovery of hitherto untreated major depressive episodes. Toshiaki A. Furukawa *et al* 331–335

United Kingdom
No association between breast-feeding and adult psychosis in two national birth cohorts. S. J. Leask *et al* 218–221
SSRI treatment: risk of relapse or recurrence of depression. Ami J. Claxton *et al* 163–168
see also **England, Scotland** *and* **Wales**

Urban populations
Stress and psychiatric disorder in Rawalpindi. David B. Mumford *et al* 557–562

Venlafaxine
Induced painful ejaculation. A. Michael (C) 282–283

Ventricular enlargement
And developmental delay, in first-episode psychosis. Dominic Fannon *et al* 354–359

Verona Service Satisfaction Scale – European Version
Development, internal consistency and reliability. EPSILON Study 7. Mirella Ruggeri *et al* (suppl. 39) s41–s48

Violence
Psychotic disorders in adolescence and criminally violent behaviour. Patrick Clare *et al* (*Preliminary report*) 275–279
Reform of the Mental Health Act. Health or safety? George Szmukler and Frank Holloway (*Editorial*) 196–200
Risk prediction. M. Dolan and M. Doyle (*Review article*) 303–311

Wales
And England. Seasonal variation in suicides: diminished or vanished. Paul S. F. Yip *et al* 366–369
Joint Counties Asylum, Carmarthen. Henry Rollin (*One hundred years ago*) 568

Wisconsin Card Sord Test
Changes in regional cerebral blood flow due to cognitive activation in schizophrenia. B. K. Toone *et al* 222–228

Women
Effect of death of Diana, Princess of Wales on suicide and deliberate self-harm. Keith Hawton *et al* 463–466
Morning cortisol as a risk factor for subsequent depression in adults. T. O. Harris *et al* 505–510
Neurocognitive deficits in infants of mothers with schizophrenia. E. H. Friedman (C) 564–565
Psychotherapies in psycho-oncology. Sidney Bloch and David Kissane 112–116
see also **Gender differences**

York resource allocation formula
Expenditure on mental health care by English health authorities. Jonathan Bindman *et al* 267–274

Young Adult Behavior Checklist
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65

Young Adult Self-Report
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65

Youth Self-Report
Predictors of psychopathology in young adults. Jeroen Heijmens Visser *et al* 59–65
